### Regular Weekly Meeting Of Bay Rotary Club

At the regular Wednesday luncheon of the Bay St. Louis Rotary Club George Stevenson was appointed chairman of a committee whose duty will be to collect furniture and other items needed to furnish lounge rooms, a number of which are located at the Bombing Range, Bay St. Louis, at the Naval Base, Gulfport, and Gulfport Air Field, Gulfport. This is the beginning of the organization of the "Camp and Hospital Council" which will be composed of such committees appointed by and representing the various civic organizations of the above mentioned towns.

The Government is giving \$140.00 for each lounge or day room but that is far from enough to furnish it comfortably. These committees will collect the things needed and they will be disbursed through the American Red Cross. If you have anything which you can donate it will be appreciated by the service men. Here is a list of the things you can give: Radio, Ping Pong Tables, chairs or benches, card tables, any kind of furniture, any kind of musical instruments, basket balls, volley balls and nets, backboard, archery sets, softball equipment, books, magazine racks, pool tables, boxes of stationery, decks of playing cards, smoking stands, etc. These items do not necessarily have to be in good repair. Some of the service men are skilled repair men.

If any organization or individual wishes to completely equip a day room please contact the local Red Cross office. This is your chance to give through the Red Cross and not to the Red Cross.

The Merchant Marine Cadet Basic Training School at Henderson Point is the only place where the Day Rooms are fully equipped and does not need anything.

### JUDGE L. B. CAPDEPON ANNOUNCES FOR RE-ELECTION, BEAT 5

#### Has Served Three Terms And Hopes to Continue Serving Public

I wish to advise my good friends of Hancock County that I am once again a candidate for the office of Justice of the Peace in Beat Five.

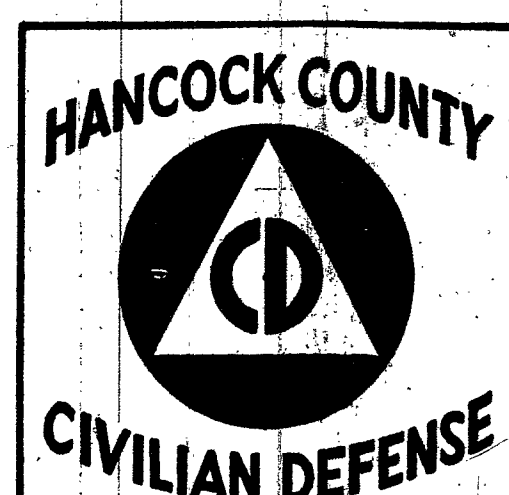

I will appreciate your vote and will serve the people of this community faithfully in the future as I have endeavored to do in the past.

When the grand old gentleman, Judge J. A. Breath, decided he would not seek reelection because of failing health and advancing years, I made up my mind to run for the office of Justice of the Peace, that he had held so well and administered so wisely for many years. My friends responded and by their votes made my election possible at that time.

I have since served you for three terms and hope to be permitted to continue to so serve you for the next four years.

Believe me, I will appreciate your aid and your vote in the Democratic primary that is to be held on August 3rd.

### New Postal Regulations

Mrs. Thomas A. Dean, Postmaster at Pearlaring, requests that those people, who send letters to the new friends in large cities note the new postal regulations. Each large city has a number of branch offices; now each branch office has been given a number. In the future place that number after the name of the large city, as New Orleans 10 or Chicago 23. The rest of the address will be the same. Here is a sample:

Mrs. J. H. Smith  
2600 Dumaine Street  
New Orleans 10  
La.

Be sure to give the street address as usual, but be sure to add the Post Office number for that address. You must secure these new numbers from your friends in the large cities. They have been asked by the government to place this new number on every letter they mail. Look on the next letter for that number.

The use of these new numbers will have your letters delivered faster once they reach the large cities. It will also save much work for the entire postal system which has lost so many men to the Armed Forces. Please do your part by securing those new numbers and using them as soon as possible. For additional information or help consult Mrs. T. A. Dean, Postmaster.

### Expresses Appreciation

The following letter of appreciation was received from Dr. J. W. Davenport, commending the people of Bay St. Louis for their cooperation in the Blood Bank, recently held here.

Editor,  
"The Sea Coast Echo",  
Bay St. Louis, Miss.

Dear Sir:  
On May 20th, 1943 it was my privilege, for the third time, to collaborate with numerous of the splendid people of Bay St. Louis in a Blood Donor Program. Blood was obtained from nearly ninety donors.

Needless to say, this is a record never equaled by any other community of comparable size. And it has been only slightly exceeded by towns much larger than the Bay.

It is a pleasure to visit a town with such active and cooperative community spirit. With great pleasure do I look forward to my trips to Bay St. Louis.

Let me here express my gratitude to you and "The Sea Coast Echo" for the excellent publicity you have so generously accorded our Blood Donor Days. Truly, without the support of the Press the plasma program would not have been so successful.

Sincerely yours,  
Julius W. Davenport, Jr., M. D.

The second National Rural Life School in which problems pertaining to rural life districts will be studied, will open at Bay St. Louis, Monday, June 7 and continue through Friday June 12.

This is the second national school of this type ever to be held, the first having been held last year in Bay St. Louis.

The school sessions will be held in St. Stanislaus and will have as its objective helping and acquainting community leaders with problems of their own rural districts.

Gerald Richardson, war relocation authority from Washington, D. C., will lead a study of the cooperative movement; the study of government agencies will be led by R. L. Thompson, president of the farm credit Federal land bank of New Orleans; S. M. Jackson, L. S. U. Baton Rouge will conduct the study on vocational agriculture.

Rev. Father John Neirley, Bay St. Louis, recently appointed Diocesan director of the school says that of all classes of laborers the agriculturist is the most helpless as to helping himself and more often taken advantage of than any other profession we know of in the United States today. Yet the outcome of the present day world crisis is going to depend as completely on the success of the agriculturist as the development of civilization throughout the history of mankind has had to depend on him for food and sustenance necessary to survive the destructive forces of war and vandalism.

It is expected that community leaders throughout the state of Mississippi, which is chiefly dependent on agricultural resources will be well represented to benefit by advantages offered by the school.

The school will be under the direction of the Rev. Herbert Leischen of Rayne, La., with Bishop R. O. Gerow, D. D. as host. Included among the lecturers will be Arch Bishop Joseph Francis Rummel, S. T. D., New Orleans, Bishop Jules B. Jeannerod, D. D., Lafayette, La., and Bishop E. A. Fletcher, Little Rock, Ark.

### MAY THE END COME SOON

IN days gone by, parents looked forward with great joy for the time when their children would graduate from high school. Parents who did not have an opportunity to secure an education put forth every effort to give their children an education in order that they might step forward and take their places in the business world.

It had always been a happy thought of parents to lay plans and make preparations for their children to obtain a college education or to enter the business world. Today, the happy thoughts of these parents are overcast by the far reaching shadows of war that has engulfed the whole world. Parents do not feel that they are capable of making plans for the future of their children. Today, a mere school child is called upon to enter the service of his country, to defend it, in order to make it a safe place to live.

The Boys who have just completed their high school education and some who are still students in high school are awaiting their call to service. Some of these young men will probably return as heroes, many will return incapacitated from the horrors of war, and many will probably give their lives in the service of their country. And many who will return will be hardened by the horrors of war. Few, if any will return to school, to complete their education, the dream and fond hope of their parents.

Graduation this year did not carry with it the joy that it has in the past, for little joy can there be when parents realize that the lives of their children must be sacrificed to satisfy the lust and desires of war lords.

May this great conflict come to an end soon, so that the lives of many of our young men may be spared, and too, that their future be not marred with the thoughts of the horrors of war necessary for them to endure to make our country a safe place to live, and may we return to a normal life, where parents can sit and plan and be happy in the thought that the future holds something for their boys and girls, and may the boys and girls be better men and better women after enduring the sad experiences we're having today.

### THIS MEANS ME

THE Office of Defense Transportation advises that non-essential travel for other than vacation purposes must be wholly eliminated, and that vacations should be spent at home or as near home as possible. Director Eastman of the ODT asks the public to "avoid overnight trips, travel on day coaches, and carry box lunches on the trains, so as not to add to the strain on Pullman and dining car facilities—carry as little baggage as possible—Be prepared to expect delayed arrivals, crowded conditions and lack of the usual travel comforts. The cooperation of employees and of individuals in . . . minimizing vacation travel . . . is urgently necessary.

"There is no pleasure in giving such advice as this, and I know that many will find it difficult to realize that there is need for it. If they will think for a moment of what the induction, training and final embarkation of many millions of servicemen means in the way of a load upon our railroads and busses, combined with the continued travel of these men on furlough and leave, of service women and of relatives and friends, plus the extraordinary business travel which the tremendous productive activity of the country requires, and if they will also bear in mind that the railroads and bus lines have been given practically no new equipment and have lost the help of the private automobile, I think they will understand what we are up against.

"Many will approve the advice as good for the other fellow, but will regard a personal pleasure trip now and then as a harmless exception. The advice will do no good unless everyone will realize that it 'means me' and applies today as well as tomorrow."

### SAYS STALIN SEEMS SATISFIED

GLENN Babb, Associated Press War Analyst, makes a pertinent observation when he remarks that: "The indications are strong that Joseph Stalin knows much more about American-British invasion plans than either the enemy or the Allied public, and also that he is satisfied. . . It is difficult to read his recent declarations of admiration for the solidarity with his Allies in any other light."

In view of the facts referred to, it would seem that American arm-chair strategists can forget their worries about what the United States and Great Britain are doing to help Russia.

Recent information from Germany indicates not only a possibility that Hitler is holding in reserve a substantial body of soldiers for what may happen in Western and Southern Europe, but that a considerable proportion of Nazi fighter plane strength is scattered throughout Germany in an attempt to thwart the aerial offensive.

This is a good time to make up your mind to can, preserve or store away some food for next winter. Have as much sense as a squirrel.

The man who talks the most about what he is willing to do is not always the man who reaches in his pocket when the call for cash is heard through the halls.

There is no use for partisans to argue about the relative importance of the Army, Navy and Air Forces. There will be enough enemies to entertain everybody.

## CLASS of '43

To the exercises which have marked your fine accomplishments in finishing from the scores of schools in Southeast Mississippi may we add a word in this wartime '43?

We are especially interested in you, Class of '43, for we have grown up together. This company was born in 1925, a year near which most of your birth dates will cluster. It was dedicated to helping create a better world in which your class and all the other classes before and after it might live.

Over half the communities we now serve did not have electric service at all in 1925—many had only partial service—at most a few score major electric appliances were in use in all this great section.

The area depended principally upon lumbering operations which had not yet become stabilized and dozens of communities were to have their mills "cut out" and disappear only a few years after you were born.

A few short years have changed much of this. Scarcely a community is now without electric service, more than 25,000 electric refrigerators, ranges, and water heaters are bringing modern living in homes we serve, and even before the war the combination of adequate electric power resources and progressive community enterprise had created thousands and thousands of new jobs, jobs which would ultimately mean opportunity for the Class of '43 and those other classes who have finished and are to finish.

The task is far from done. For the moment all the accumulated resources of this area are devoted to the unanticipated task of war. Your outlook, too, is focused on its needs. The time will come when war will cease, however. When that time comes Class of '43, and those other classes whom you symbolize, we pledge again our goal and hope that through initiative and thrift and work we may in progressive enterprises help the onward growth of the better world in which you will then play an active part.

WASTE IN WAR IS A CRIME—DON'T WASTE ELECTRICITY  
JUST BECAUSE IT IS NOT RATIONED.

### WOOL GROWERS MUST LIST WOOL WITH COUNTY AGENT

Members of the South Mississippi Wool Growers Association will deliver wool to Picayune on June 29th, and Poplarville, June 30th. All growers must list their wool with C. C. Stone, County Agent by June 15th, in order to sell through the association. The association sold this year wool to the Mobile Junk Co., at the following prices:

48c Clear white grease wool  
5c less for light burr wool  
10c less for heavy burr wool  
5c less for black wool  
5c less for lambs wool  
15c less for herd burr back wool

The above includes all wool from members of the South Mississippi Wool Growers Association or all growers that sold wool through the association in 1942, plus new growers within Pearl River, Hancock and Harrison Counties, however, new growers or growers who did not

sell through the association in 1942 must list their wool with the County Agent in their county in order to be eligible to sell through the association. Write your county agent and tell him approximately the amount of wool you will sell through the association.

### Congressional Sidelights by Congressman Wm. M. Colmer

The drive for letists, and the advanced thinkers who would make over this country, and especially the South is on again. The Bill which the Senate defeated by an extended filibuster during the last session of Congress to repeal the poll tax laws of the southern states was passed by the House by approximately a two to one vote last week. Sometime we wonder if the southern people appreciate the full significance of this legislation. It is but one step in the planned drive of the revolutionists in this country to remake America. The idea back of all of it is to change the type of representation which the southern states send to the National Congress. They say that the southern Representatives are too conservative and are out of step with the program of the revolution which they are advocating to remake America. These revolutionists plan to enfranchise the Negroes of the South who would then have the balance of power, and who, in turn, would select more "liberal"-thinking Members of Congress from the southern states. Back of this movement are the heads of organized Labor, the Communist Party, the brain trust professors of social advancement both in and out of the Government, the Society for the Advancement of the Colored People, and all other Negro organizations. And, last but not least, Mrs. Roosevelt, a liberal thinker with good intentions who has permitted herself to be used as a tool of these agencies.

The Constitution of the United States, designed by the wise men who set up our Republican form of Government, provided that the states should have reserved unto themselves the right to prescribe the qualifications of the voters of their respective states. But notwithstanding the fact that every good lawyer with whom we have discussed the matter agrees that this legislation is a violation of the Constitution, the big majority of the Members of the House yielded to the pressure of these organized groups and voted for the Bill. Incidentally, it is interesting to note that the Bill was sponsored neither by a Democrat nor a Republican; it was sponsored by one Vito Marcantonio of New York City, the lone American Labor Party Representative in Congress. It is also significant to note that Marcantonio voted against every bill and every dollar of appropriations that was passed by the Congress looking to the national defense of this country prior to the entry of Russia into the war on the side of the allies. Some of the other leaders in the movement were representative Dawson from Chicago, the lone Negro Representative in the House, and Representative Cavaghan, who represents the Negro Harlem district in New York City.

The bill now goes to the Senate where the onus of the protection of the southern people falls upon the shoulders of our southern Senators. They must serve notice on the Senate leadership that they will stop the bill by a determined filibuster if it is permitted to come up in the Senate. For it will be remembered that the rules of procedure in the Senate are different from those in the House and that a filibuster is possible there but is impossible in the House. We believe that there are enough red-blooded southerners in the Senate to stop this bill. They can't they will.

It is very unfortunate that at a time when national unity is desired above everything else that matters calculated to bring about disunity such as this are injected into the picture.

**The Battle of Attu**  
Early in the war the Japs seized certain islands in the Aleutian group off the northwest coast of Alaska and threatened our base at Dutch Harbor. The purpose of this was two-fold: A line from Tokyo to Seward, Alaska, across the northern wilds is the shortest distance between Japan and the United States. Lying

### A. & C. THEATER TO PRESENT "HELLO, FRISCO, HELLO"

Sunday and Monday—Has  
Spectacle And Glamour!

When it comes to making musical pictures, there is one studio in Hollywood that tops them all. Now the word is that 20th Century-Fox, makers of "Alexander's Ragtime Band," "My Gal Sal" and "Springtime in the Rockies," have done it again with "Hello, Frisco, Hello." The film, which is slated to open Sunday at the A. & C. Theater, rates right alongside—perhaps even ahead of—those other famed filmicals.

It's little wonder the studio is preeminent in this field, when one sees what they have to work with. "Hello, Frisco, Hello" is produced in sumptuous Technicolor and boasts a dazzling cast of headliners, an entertaining story, an abundance of music—both new and familiar—all neatly packaged with some of the finest production numbers ever conceived.

The stars? "Hello, Frisco, Hello" marks Alice Faye's first film appearance in over a year—which is welcome news indeed. With her is handsome John Payne in a tailor-made role, and round Jack Oakie plays for laughs. Completing the list of stars is luscious Lynn Bari, who doesn't sing or dance—and brother, she doesn't have to!

The story simply told, is set on San Francisco's Barbary Coast. Four entertainers are trying to get on in the show world. The dynamo of the outfit is Payne, but the real drawing card is part Alice Faye whose dulcet voice and "purty figure" packs 'em in. With Jack Oakie and June Haver, their struggle to the top provides a neat background for the appealing musical production numbers.

The songs are perhaps the most varied of any recent musical. For instance, there are such old favorites as "Gee, But It's Great to Meet A Friend From Your Home Town," "Lindy Lou" and "Ragtime Cowboy Joe" coupled with the tune, "Hello, Frisco," make pleasant listening, as does the new number, by Mack Gordon and Harry Warren, "You'll Never Know." This tune, which Alice Faye delivers as only she can, seems destined for top popularity the country over.

Featured in the musical are Laird Cregar, June Haver, Ward Bond and George Barbier.

Bruce Humberstone directed the picture, which was produced by Milton Sperling, 1st Lieutenant, U. S. M. C. R. Robert Ellis, Helen Logan and Richard Macaulay did the screen play.

across this line are the Aleutian Islands. The Japs hoped by seizing these islands to use this short route to the United States themselves; they also hoped to prevent the United States from using these islands as stepping stones toward an invasion of Japan itself. It might be interesting to observe that the distance from Seward, Alaska, to the Attu Islands is approximately the distance from Washington, D. C. to Albuquerque, New Mexico; and that the distance from Dutch Harbor to Attu is the distance from Meridian, Mississippi, to Albuquerque; and that the distance from Seward to the hoped-for Siberian bases is the same as the distance from New York to the West Coast of the United States; and that from Siberia to Japan is another 1,000 miles. So when we think of the road to Tokyo even by the shortest route we begin to realize what gigantic undertaking the invasion of Japan from the United States, or the invasion of the United States by Japan is. The problems of transportation are foreboding if not impossible.

FOR STATE  
SUPERINTENDENT OF  
PUBLIC EDUCATION

To the People of Mississippi:  
As a veteran of the first World War wounded in action fighting the Germans, I know the seriousness of this crisis. We are all interested in winning this war and the return of our youth. Those of us working on the home front realize that the education of our children cannot wait. We must give them now, necessary training to meet the demands of war and postwar conditions. Our public schools face a real crisis. Our teachers are poorly paid. The teacher shortage grows greater each day. Yet we must not neglect our own children.

With a background of farm and public school experience, I chose teaching as a profession and entered Ole Miss. I received the Bachelor's degree from Ole Miss, Master's from University of Chicago, and Doctor's from University of Michigan. Except for the time spent in World War One I have devoted my entire time to public education. My experiences include: Class-room teaching in rural and city schools, principal of consolidated schools, superintendent of city schools, state supervisor of N. Y. A. and adult education, in-

structor and director of teacher training at University of Mississippi and Mississippi Southern College, summer instructor at Mississippi College and Mississippi State College. I appeal to all friends of Public Education to help me give Mississippi an efficient administration of the public schools of the state. State Headquarters—Bridges Bldg., 219 1/2 E. Capitol, P. O. Box 1055, Jackson, Miss.

ORTTE THEATER  
SUNDAY-MONDAY  
"RANDOM HARVEST"Metro-Goldwyn-Mayer's  
Picture of the Year

"Random Harvest," adaptation of James Hilton's new novel, brings to the screen an engrossing story of a strange case of suspended memory, which motivates a haunting romance. Teaming Ronald Colman and Greer Garson, in her first picture since "Mrs. Miniver."

Following the Hilton novel closely in its details, it is told on the screen as a "straight line" story, while in the book it was told in "flashbacks."

Colman plays a wealthy Englishman who loses all memory of his past during the first World War. He is sent to an asylum, from which he escapes to be befriended by an actress (Miss Garson), who inspires him to begin life anew. He develops talent as a writer. He and his benefactress fall in love, are married and have a child. Then an accident jolts his memory back to his past, but leaves a blank of his life from the war on. He goes home, takes possession of his businesses and becomes a powerful industrialist.

Colman plays his role with convincing force, and Miss Garson is charming, and wears some beautiful gowns. Each makes the most of a difficult role. Mervyn LeRoy directed with deft skill. Clever principals include Susan Peters, Phillip Dorn, Reginald Owen and Una O'Connor.

ATTORNEY GENERAL  
RENDERS OPINION  
AS TO SOLDIERS VOTE

On numerous occasions inquiries have been made at the office of the Clerk of Courts, relative to the requirements for soldiers to vote in the 1943 primary election.

The Clerk of Courts having addressed a letter to the Attorney General, and having been informed that a memorandum opinion covering the questions asked would be mailed to all Clerks, and having received this memorandum opinion from the Attorney General, which we believe covers any question that might arise as to the qualifications of men in Service necessary to vote in the 1943 elections, we reproduce herewith this opinion:

For the primary elections to be held in August of this year a voter, who is subject to poll tax liability, must have and present to the election officials, at the time he offers to vote, proper poll tax receipts for the years 1941 and 1942, except as hereinafter pointed out.

The 1941 poll tax receipt must show on its face that the tax was paid on or before February 1, 1942. The 1942 receipt must likewise show that the tax was paid on or before February 1, 1943.

One who is exempt by law from the payment of poll tax should obtain exemption certificates, or certificates, as the case may be, from the Circuit Clerk of his county.

Those exempt from poll tax liability are set out in Section 243 of our Constitution. No one other than those therein provided for is entitled to exemption from poll taxes. The tax is levied "on every inhabitant of this state, male or female, between the ages of twenty-one and sixty years, except persons who are (1) deaf and dumb, or (2) blind, or (3) who are maimed by loss of hand or foot."

A member of the armed services, if twenty-one years of age and over, or who will be twenty-one years of age on the day of or prior to the general election for which the primaries are held, and who is otherwise qualified as the law requires, may vote in primary elections this year, as respects poll tax payments under the following conditions:

He must either hold poll tax receipts for the years 1941 and 1942, showing payment on or before February 1, 1942 and February 1, 1943, respectively, OR—

1. If he was in the service on February 1, 1942 and February 1, 1943, poll tax receipts for 1941 and 1942 will not be required.

2. If he was in the service on the day of or prior to the general election for which the primaries are held, and who is otherwise qualified as the law requires, may vote in primary elections this year, as respects poll tax payments under the following conditions:

He must either hold poll tax receipts for the years 1941 and 1942, showing payment on or before February 1, 1942 and February 1, 1943, respectively, OR—

1. If he was in the service on February 1, 1942 and February 1, 1943, poll tax receipts for 1941 and 1942 will not be required.

2. If he was in the service on the day of or prior to the general election for which the primaries are held, and who is otherwise qualified as the law requires, may vote in primary elections this year, as respects poll tax payments under the following conditions:

He must either hold poll tax receipts for the years 1941 and 1942, showing payment on or before February 1, 1942 and February 1, 1943, respectively, OR—

1. If he was in the service on February 1, 1942 and February 1, 1943, poll tax receipts for 1941 and 1942 will not be required.

2. If he was in the service on the day of or prior to the general election for which the primaries are held, and who is otherwise qualified as the law requires, may vote in primary elections this year, as respects poll tax payments under the following conditions:

He must either hold poll tax receipts for the years 1941 and 1942, showing payment on or before February 1, 1942 and February 1, 1943, respectively, OR—

1. If he was in the service on February 1, 1942 and February 1, 1943, poll tax receipts for 1941 and 1942 will not be required.

2. If he was in the service on the day of or prior to the general election for which the primaries are held, and who is otherwise qualified as the law requires, may vote in primary elections this year, as respects poll tax payments under the following conditions:

"Not getting the wire laid was a tough problem. Keeping it steady in the building, shifting and moving wires was a job of four men. Three stood guard while the other worked." (From story by Sergeant James W. Rulien, Marine Corps Combat Correspondent)

Telephone  
Exchange on Guadalcanal

Marine communications men built it under fire. And it has been kept built. The "Guadalcanal Tel & Tel" covers well over a thousand miles of wire.

That is where some of your telephone material went. It's fighting on other fronts, too. We're getting along with less here so they can have more over there.

Telephone lines here at home are life-lines and production lines, too, in war-time. To help make way for vital war calls, we are asking you to make only the most necessary long distance calls, especially avoiding calls to busy war centers. When you must call, please be brief. Thanks for your help.
